

House District	Candidate	Would you support redrawing South Carolina's electoral maps in order to gerrymander districts for partisan advantage or to weaken the voting power of particular communities?	Should private political parties get to decide who is allowed to vote in state-administered primary elections?	Would you vote for legislation that further restricts access to abortion in South Carolina?	Should the state require all South Carolina law enforcement agencies to partner with ICE and participate in immigration enforcement?	Should the state continue to detain and incarcerate minors for nonviolent offenses that are only illegal because of the person's age, such as truancy or running away from home?	Would you vote to cut state funding for public schools or public libraries because they make available books that some state officials or parents believe are inappropriate for minors, including books with LGBTQ themes or characters?
